HOTEL ESPRIT MONTAGNE

Christmas 2009, Hotel Esprit Montagne sees first light of day. The building, which was formerly known as Le Rucher, or "The Beekeeper", stood empty for years. The bees and flowers in the carvings on pillars and balconies still show the passion of the previous hotel owner: beekeeping. A stone's throw away from the hotel you can still see the hives. Father and son share their passion and produce fresh honey for the bakery shops in town.

After years of being closed and being without guests, we have renovated the old hotel. Carpets on the walls gave way to fresh plaster, the old carpet with floral patterns in the hotel rooms for wooden floors. The furniture has been selected with personal care. In every aspect of the hotel, our intention was to introduce you to the real mountain atmosphere, so to speak ... the "esprit montagne".

In a nutshell

Hotel Esprit Montagne is a rustic mountain hotel with twenty rooms that radiate the charm of mountain life. We have a cozy restaurant, a lounge with fireplace, library and reading table, a billiards room, a TV lounge, a separate computer corner with free Internet, a sauna, a massage room and a ski locker room. You'll see Esprit Montagne is a wonderful place where the small worries of everyday life will immediately be forgotten.

Our Philosophy

In Esprit Montagne our guests enjoy active sports, awe inspiring scenery and relaxation in a surrounding of natural serenity.

"Authenticity", "comfort", "wellness" and "a personal touch" are our core values. You will find them in all aspects of the hotel; the interior, our products and services.

Zoover Awards

We are very pleased that we've won some Zoover Awards in the category "Best hotel in France" on Zoover.com. This award is based on guest reviews, for which we are extremely grateful. In 2015 we were the 2nd best hotel in France.

FACILITIES

Reception

On arrival on Saturday we welcome you at the reception desk. Being your host and hostess, we work throughout the whole hotel. Therefore, we won't always be behind the desk, but we will gladly assist you with anything, anytime. The other days the reception is closed from 11.00 PM till 3.00 PM.

Restaurant

Next to the reception, you will find our restaurant. The restaurant offers a magnificent view over the Vallée d'Abondance. Located on the south, it offers lots of sun and light throughout the day. The balcony beckons you for a drink in the sun.

Lounge

The restaurant opens onto the rustic lounge with fireplace, library and reading table. You will find here not only novels and thrillers, but also reference books and magazines on the region (Haute Savoie), the flora and fauna and of course mountain sports such as skiing, hiking and climbing.

TV-lounge

We have deliberately chosen not to place televisions in the rooms. Why? To leave the hectic world for what it is behind for a while and start focusing on and enjoying the beautiful view, the gastronomy, and of course... each other.

However, if watching TV is a daily part of your relaxation, then we invite you to our spacious TV lounge, with its big plasma screen, comfortable sofas, an inspiring DVD collection, international channels and X-Box.

Billiards Room

In the 'basement' you will find the billiard room with comfortable seating in Alpine style and of course a professional billiards table. It is also an ideal space for a game of cards or chess.

Internet

If you've brought your own laptop, tablet or smartphone, you can make free use of WIFI in the hotel. First you make a connection with:

Hotel_Esprit_Montagne

And then you click on 'Connexion' to accept the terms and you can use internet.

Wellness

What's better than soothing sore muscles after an active day out in the mountains? The sauna with natural oils is waiting for you. At reception you can choose from various mountain salt scrubs. Or let us make you an appointment with our masseuse. In the basement we have a serene, well-equipped massage room.

Ski locker room

You will find the ski locker room in the basement. Each room has its own spacious locker. From here you can go directly outside and walk to the bus stop in front of the hotel (30 m) or walk to the cable car La Panthiaz (250 m).

Your room key fits on the door to go out (in case it's locked).

Esprit Montagne has twenty comfortable rooms, which breathe the spirit of the mountains. Fresh, crisp linen, warm blankets and lovely curtains make you feel at home. Pictures of the surrounding landscape and our typical "Savoyard furniture" bring the real Esprit Montagne to life. In 2019 & 2020 we renovated all the bathrooms and the reception desk, painted the hallways and put new carpet in. In 2021 we painted the outside of the hotel.

Linen with a story

Our bed linen has historical value. A classic "poya" is shown, the yearly "migration" of the cattle to the higher meadows.

This moment has been celebrated throughout history, all across the Alps, because farm life has played such a central role in the Alpine countries.

The image of all those cows has inspired countless artists and painters in the past. Ultimately, it's also portrayed on your linen.

Two become one

Your room has two single beds or one double. When you prefer one double over two singles, please let us know.

The single beds are custom made for us. If they are pushed together, you don't suffer from a wooden ledge in the middle. It's like a double bed with two mattresses.

Peace & Comfort

We used to go on a holiday to be away from normal life. A few days or weeks with family and enjoy a different surrounding. No radio, no news, forget about buzzing news, politics and so on. Is this still possible in the world we're living in?

Of course! In Esprit Montagne you've said goodbye to the old world. For the peace of all our guests, we have consciously chosen not to place TV's in the hotel rooms. If you do like to watch television or a movie, you are welcome in our TV lounge with a big flat screen, international channels, DVD collection and X-box.

Bathing

The shampoo, shower gel, olive soap and body lotion are natural products and bio-degradable.

Hotel Esprit Montagne has a sustainability policy. When you would like to have new towels, please place the old ones in the bath tub. Our staff will replace them.

Bath robes are to be rent for € 15 a week or € 3 a day.

GASTRONOMY

Eating is not only filling your stomach. It's about enjoying and being surprised. Eating doesn't only involve the mouth, oh no, it involves seeing, smelling, and even... feeling. Eating is telling stories and listening to it. A story about the seasons, the land and the people who gave rise to their valuable products; the products you and I may enjoy. In this way, we consider food to be more than just something on a plate. It's something valuable with a story behind it.

6

Delicious Dinner

Every evening (you can take a seat at the dining table between 07.00 and 08.00pm) you will enjoy a delicious 3-course dinner with seasonal products from our region. Many of our dishes are based on traditional recipes that have been used for centuries in the mountain kitchens.

Furthermore, you get to know the best kept secret of the Alps: its wines. We have a wonderful selection of excellent Alpine wines. Of course, we also offer a selection of the more familiar French wines.

We have a "*livre d'histoire*" which reveals the culinary secrets of the dishes you will be enjoying that evening. It tells you all about our products, the ingredients and traditions of the past and remarkable anecdotes about the authentic mountain cuisine.

"Fait Maison"

In the Esprit Montagne kitchen we love working with fresh and where possible regional products. Many of our products are farm products from the valley. Everything's homemade and fresh.

From our soups to our pastas, from herb oils to Bavarian cream.

Dairy and eggs come from the local farms. Even so does our charcuterie; smoked and raw hams, creamy pâtés and dried sausages.

Good start of the day

Every morning between 8.00 and 09.30am we offer an extensive buffet, including fresh croissants, various breads, cheeses and charcuterie, jams, fresh honey, butter, boiled eggs, yoghurt, muesli, cornflakes, milk, coffee, tea, juice and fresh fruit.

At breakfast the menu for that evening is displayed. If there's something you don't like, please tell us in advance so our chef can prepare something else for you.

Upon request we can prepare you a lunch box.

Diet or allergy?

Do you have food intolerance or follow a special diet? Please let us know in advance. We are happy to take note of it.

WELLNESS

Sauna

In the basement you will find the sauna. There's place for four persons here. Large sauna towels are here for you, so there's no need to bring your towel from the hotel room. There's also a shower available in the sauna room.

To stimulate your health, we offer special essential oils, such as rosemary, honey, eucalyptus, lavender and pine needles.

The sauna's open from 4.00pm until dinner. Otherwise on request. It takes about 30 minutes to warm up.

Massage

Experience the comfort of a soothing massage and help free yourself of any aches or pains you're experiencing. Massages are to be booked in afternoons or evenings. You can choose from among these relaxing massages with our masseuse:

- Relaxation massage (45 minutes) : € 50
- Relaxation massage (60 minutes) : € 60

Bath robes

Bath robes cocoon you with a cozy feeling. Comfy to wear in between sauna sessions, or comfortable in your room during lazy mornings. You can hire them for only € 15 per week.

Cherry pits

Cramps, cold feet? Ask us for a cherry pit pillow.

Centuries ago, a Swiss farmer's wife experimented with the remaining cherry pits of the summer. She put them in her oven and discovered that the pits held the heat for a long time. The woman sewed covers for her family and gave the whole family cherry pit pillows for the long winter evenings to come. Soon the pillow became a common thing in daily life.

At Esprit Montagne we use a microwave to heat your pillow quickly. We also have warm water jugs available. Free of charge.

SERVICES

Transfers

We work together with local taxi companies. If you wish for a transfer, we'd be happy to book a transfer for you, from Geneva, Thonon or Aigle.

8

Lazy Check-Out

To enjoy your holiday from beginning to end, you can book a "lazy Sunday". This is a late check-out on the day of departure (if possible, depending on circumstances). Instead of 10.00am the check-out time will be 03.00pm. Price: € 35 per room.

Self-service bar

In the billiards room you will find a self-service bar with sodas and juices. Please note your drinks on the list provided in the bar, so we can add it to your room note.

Alcoholic drinks are only to be served in the restaurant, lounge and garden.

Pillowzzzz

We offer new, fresh, comfortable pillows. We know however, that some people may prefer a very thin or a very thick pillow over our standard ones. Please let us know, and we will offer you a selection of pillows.

Ski Package: lessons and passes

At arrival we gladly note your wishes regarding ski passes and lessons. The next morning, we will hand the passes over to you during breakfast. This service is free of charge. You also receive a 10% discount coupon for renting material at Trincas Sport.

LA VALLÉE D'ABONDANCE

10

Hotel Esprit Montagne (1000 m altitude) is situated in the picturesque mountain village of La Chapelle d'Abondance, in the lovely Vallée d'Abondance. La Chapelle is the oldest village in the valley and has the most sun hours of all. The village has a good number of high-quality restaurants and bars, two tea rooms, a cinema, a library, a ski museum and several art galleries.

A little bit of history

La Chapelle has been named after the chapel which was founded by monks in the 12th century. These monks came from the Swiss village St-Maurice. They also built an abbey in Abondance and we're the first ones to fabricate our renowned Abondance cheese.

In winter this region is a perfect place to go skiing, cross country skiing or husky sledge riding. In summer hundreds of hiking and mountain bike trails are set for you.

All year round

Most ski resorts change into abandoned "ghost towns" after the winter season. La Chapelle d'Abondance, however, is alive and charming the whole year round. In winter a thick layer of snow covers the landscape. It's almost impossible then to imagine green Alpine meadows, where rural life plays such an important role. But once the snow melts, the purple and white crocuses and hundreds of other alpine flowers emerge quickly. They give the landscape joyful colors and gaiety. Throughout the year, the flora and fauna keep on changing in this enchanting valley.

From September on the valley covers itself in mystery: bright autumn colors against blue skies, a warm sun and fresh nights. The game season starts, mushrooms and blueberries are collected. It's time for long walks in the forests and cozy fires.

And then... white snowflakes turn the surrounding once again in a winter wonderland. During four months winter sports enthusiast from over the World are attracted by this region to enjoy 650 km of pistes, 30 km cross country slopes and the most beautiful snow shoe walks.

SNOW SHOEING

Wandering through snowy winter woods, following a mountain stream through the valley. That sounds good, but unfortunately, we often sink deep into the snow and come home exhausted. How happy we are with our "*raquettes à neige*"!

Traditionally, these special tools underneath your boots were used to travel easily. From the 1960's onwards these raquettes were increasingly used for recreation. How does it work? Very simple. You buckle them under your regular (mountain) shoes, grab a few ski poles and enjoy-without-sinking the beautiful surroundings of hotel Esprit Montagne.

16

Books & maps

La Chapelle and the surrounding Vallée d'Abondance offer several snow walks. Most of them you will find on special hiking maps. In our library you will find some.

Material

Evening Walk

SLEDGE RIDING

Dog sledding

In la Chapelle d'Abondance you will have the experience of a lifetime! Near the small ski resort "Crêt-Béni" you will find the only dog sledge center of this region.

Professional "mushers" give you a complete explanation of the dogs and the art of sledding. Then you will enjoy a 30-minute ride through our lovely Vallée d'Abondance.

Once you've returned to the center you will have all the time to watch and play with the dogs. You will also receive a postcard with all the dogs and their names on it.

Ludofaz

For the youngest amongst us our neighboring village Abondance offers Ludofaz. A special sledge piste with lift and short routes!

Suggestions:

- *It can be very cold, especially in the late afternoon, so dress warm. Don't forget to wear gloves!*
- *Would you like to have the sledge all to yourself, without a guide?*
- *You can tell your guides in advance.*
- *If you're not sure whether you will like it or not, you can just go and watch others take the tour.*

Drive to the center of La Chapelle d'Abondance. Turn to the left, behind the church, head for direction Crêt-Beni. At the parking place you will find the signs leading you to the right place. Or else... follow the sound of crying wolves ;-)
